CLUSTER®

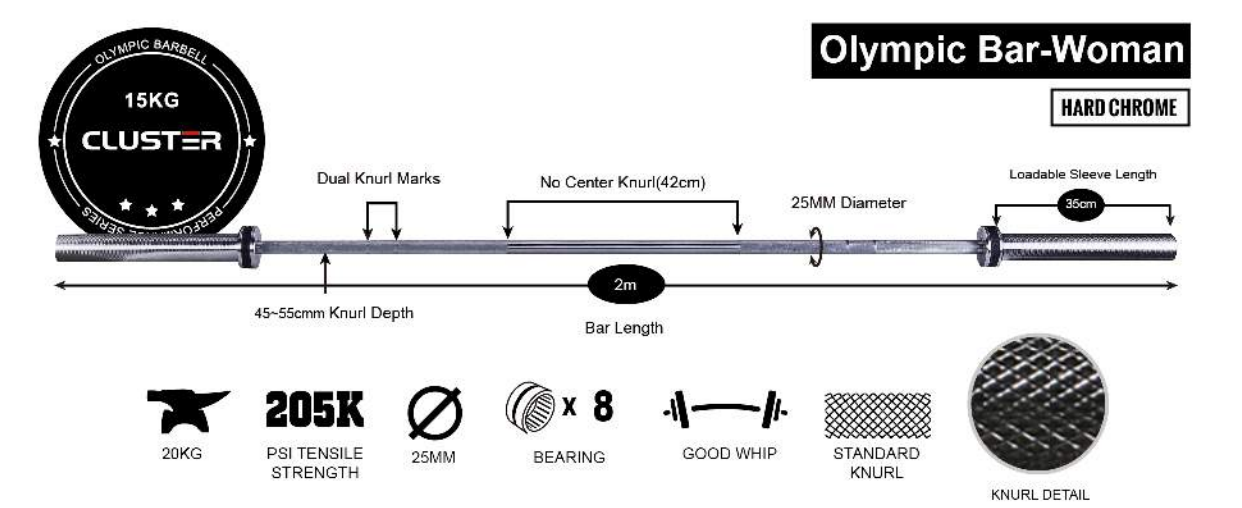

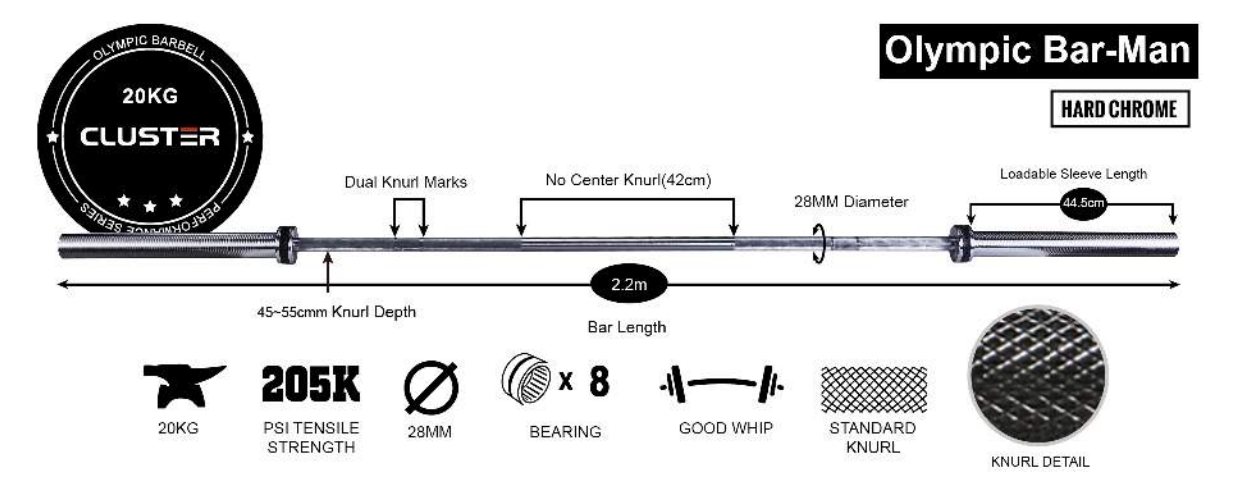

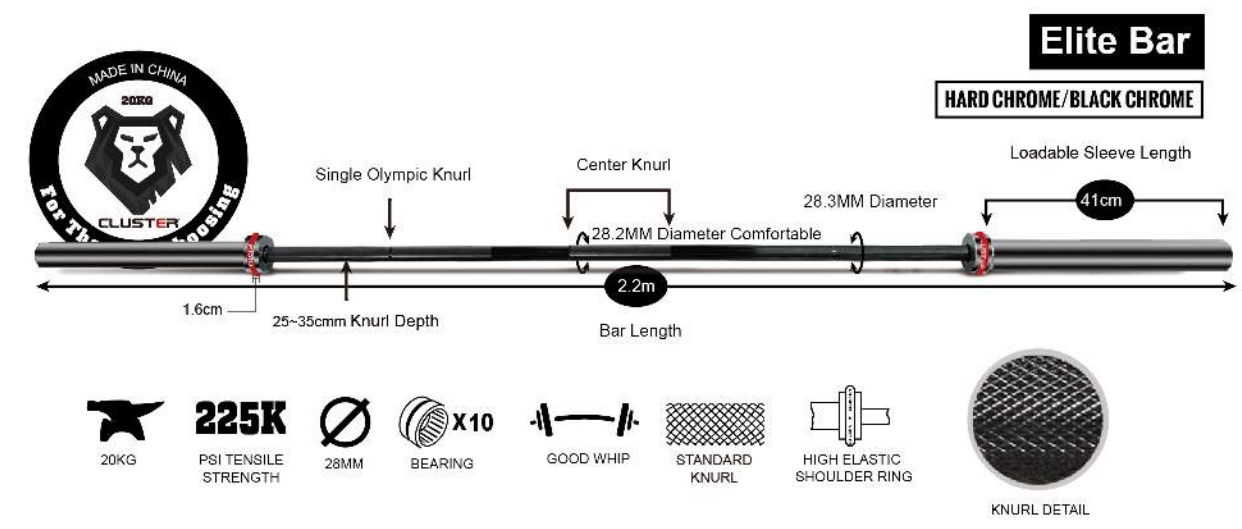

WEIGHTLIFTING BARS & PLATES

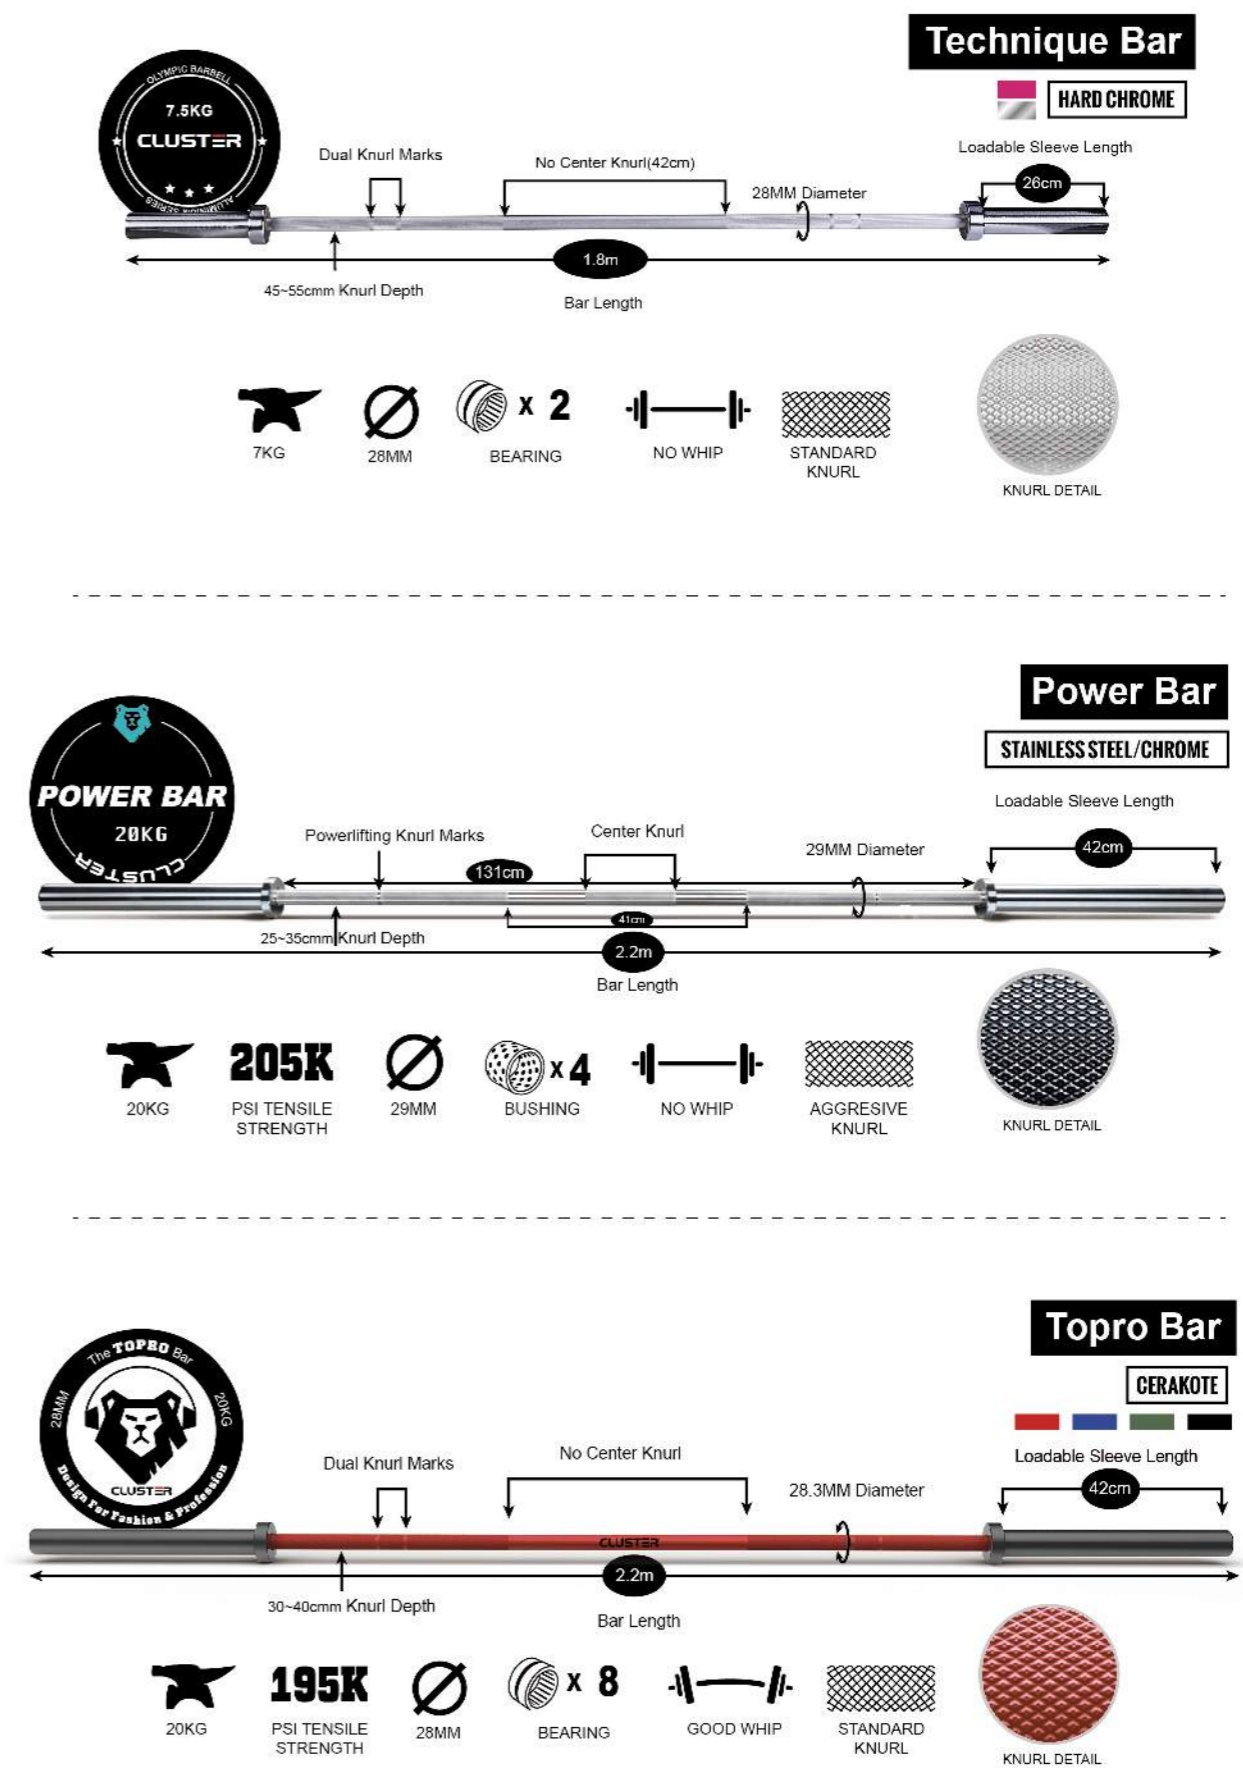

We are obsessed with weightlifting,
and are keen in exploring
for better barbells and plates.
We have encountered and
overcome multiple difficulties
during our journey of improvement in manufacture.
We hope to build the quality equipments,
just like the fighters need their own real weapons.
Our obsession drives us to make better equipments.

CLUSTER weight tactical vests use Oxford cloth and nylon webbing as main materials, with elastic and nylon mesh fabrics, and strive to wear comfortable and easy to use. Innovative snap button design shoulder pads reduce friction, adjustable tensional bands improve stability(five level), one-handed operation, easy to disassemble. New two-row gluing design, strong and durable, more stable and comfortable than traditional three-row design. Perfectly fits the body and is not easily deformed. Give you more security in training. Nylon mesh breathable mat give you lightweight feel and optimal breathability, ensure sustained comfort.

A set of compatible weight plates
 CLUSETR simultaneously launches men's and women's weight plates
 Female red, 4 mm thick, each weighing 5.75 pounds
 Men's blue, 8 mm thick, each weighing 8.75 pounds
